Living Out Our Christian Vision

Kingfishers Class

Here's how we flourish ~ Spring 2

As a class, we planted bean seeds and have made weekly observations to see how they grow but not all of the seeds were planted in the right conditions! Did they all grow? No, because we now know that plants need water, warmth, light and nutrients to grow healthy and strong.

While playing outside we looked carefully at the wonderful world and plants growing around us. As it is Springtime, we can see new buds appear on the branches of the trees and we have loved watching them bloom.

We have continued to learn how to play the glockenspiel and accompanied our new song playing different notes.

'God is my strength, in whom I trust.' Psalm 18

Learning, Caring and Growing Together in Faith.

St Andrew's C of E Infant School

In DT, we learnt how to chop, peel and grate vegetables. We then tasted a variety of soups and discussed our thoughts about their colour, texture and taste. At the end of this term we planned our own soup and made it together. It tasted delicious.

We enjoyed our trip to Leyland Vehicle Museum. We learnt so much about buses and vehicles from the past. We continued our learning back in the classroom and now know who started Leyland Motors and how it progressed.

In PE, we have been working 'together' and as a 'team'. We know we need to communicate and co-operate well for us to complete tasks together.

'God is my strength, in whom I trust.' Psalm 18
